Dear Pastors and Youth Pastors,

Greetings in the name of Jesus! I just want to start out by saying that I am honored to have the opportunity to serve as Section Youth Director. I also want to thank the Pastors of the section for their confidence in me. I hope to exceed all your expectations.

I have enclosed the schedule for the sectional events. You will notice that for the months August—November, do not have hard dates. I will be contacting the respective Pastors to get these dates and ensure that all receive an updated schedule.

The main goals for the year is to build unity among the youth groups, raise more funds for SFC, and lastly but far from least, influence the youth of this section to reach more people than ever before. I feel that this is the most important.

I want to accomplish these goals by having Youth Rally's, Music Fests, Picnics. This will build unity and bring young people of like faith together in fellowship. I also have a 5 gallon jug that I will carry with me to every youth event. At these events, people will be able to drop their loose change for a great cause. This is a small but effective way to raise money for SFC. Youth Rally's and Lock-ins are just a small way to reach our young peoples friends. They will have they opportunity to hear the word of God which saves us. We plan to launch a Section I youth website in the near future.

Lastly, I would like to get the contact information of all the Pastors and Youth Leaders. This will help keep the continuity between me and you. I check my email on a daily basis at **natemiller789@yahoo.com**. I would like to know what the churches youth events taking place. I would love to be able to attend them. I want to be a part of the youth of this section as much as I can. I am open to any suggestions. This is not a one man show. I can not do this without the help of God and the Ministry of this section. Together we can impact a generation of revivalist.

Thank You and God Bless,

Nathan Miller
Section I Youth Director
